In FIFA 22, you'll notice a unique visual presentation of gameplay through the camera. Modes such as Skill Games, Pro-Style Play, One-Touch Play, and Soccer Mode are given an entirely new look. For Real Player Motion, players run around on a dedicated portal, where gameplay can be paused and dropped in-game to see what it looks like from a variety of angles. “Discovering new ways to present gameplay will have a positive impact on FIFA's game modes and visual presentation in general,” said Hannah Kramer, Global Brand Director, EA SPORTS. “The hyper-smooth, interactive animations of the real-life movements we captured from our players will add depth and authenticity to FIFA's in-game footage, and will give soccer fans the chance to step into the shoes of top players.” New Ways to Play on PC and Mac FIFA 22 delivers innovation and accessibility for people of all ages, to the PC and Mac platforms. Players can practice and perfect skills by kicking the ball around a practice wall, triggering a dynamic cooling system, or play FIFA 22 in “Soccer Mode” where they can compete in full-seasons of game-play. Take direct control of your favorite players in a single-player story. Or create your own stories for real-world or fictional teams, or play online with millions of other real-world and fictional players, and be the true creator of your very own legends. FIFA Ultimate Team also includes an all-new Draft Kit Creator, providing even more ways to build the ultimate team. FIFA Ultimate Team is also where you'll find the all-new Player Showcase, giving you even more ways to create and customize your teams. FIFA Ultimate Team also adds the all-new Player Ratings System, which lets you monitor and control the progression of your players in one app. MOTD FUT unlocks an all-new MUT Online Season (MOTS) where you can try out the world's top soccer players in online 3-on-3 gameplay. Matches in MOTS are comprised of four-minute halves, and there are no restrictions on the number of players you can invite in a match. Create the perfect team, and go head to head in open-ended gameplay with friends, coworkers, or random opponents. OTHER FEATURES Dynamic 3D Player Motion – The leap in realistic on-field presentation will make you feel like you are actually in the match with new animations and improved ball physics for more realistic and responsive gameplay, allowing you to control the ball and play with more freedom than ever before. New Player Performance System – Each year, FIFA undergoes a major reinvention, and FIFA 22 sees the debut of the FIFA Interactive Achievement Award-winning revised Player Performance System. The new game engine pushes the boundaries of physics and player physics modeling, and now the ball and players feel more lifelike. Also, every day, the player may gain or lose fitness, meaning the player is more likely to have specific deficits on certain days. The natural evolution of these player characteristics helps create a more realistic and authentic feel. Improved Real Player Motion and Pro Player Characteristics – The revamped broadcast graphics ensure the game looks even better when you share it with your friends and family. The graphics quality has been improved for better player animations, crowd models, crowds, ball physics, player height, player size and even the stadium now looks more detailed with 3D effects. It also lets you see the top 5 players at a glance when analyzing the statistics and Leaderboards. The FIFA 22 Player Career will see key emphasis placed on the regularity of game play

What's new:

- **FIFA 22 introduces “HyperMotion Technology”, which is generated from 22 real-life players playing football in specialist**
- **FIFA Ultimate Team. The new Ultimate Team Manager mode allows you to create a squad, set your preferred formation, allocate a budget, and then fight to win trophies in FIFA. You can now boost your stars by training them - or by purchasing less expensive but more effective bonuses such as better finishing, passing, or dribbling. Pay attention to the likes of Eden Hazard, Kylian Mbappe, Mkhitarian, Cesc Fabregas and David Silva - and achieve your most fantasy dream team!**
- **FIFA 22 now takes full advantage of 4K HDR. High Dynamic Range lights are showcased on the stunning graphics in FIFA for the very first time. With a sharper and more realistic depiction of the world**
- **Improved gameplay of the goalkeeper - a highly intuitive and dynamic AI now creates more options for the keeper to perform. You can also tackle without the ball. The keeper controls less individually, making reads easier and improving the timing of tackles**
- **Improved AI - The new 3D team "Emotion Engine," which allows all 22 players to react with timing and emotion. This complex AI system provides more responsive and natural-looking gameplay when you form a team and play as an individual. It monitors and adapts to a player's current position and ball possession, with the right moves and correct reactions - making your favorite player even more realistic and engaging to play**
- **A faster, more focused load-out system - and optimized performance - ensures that load-out fixes loaded more quickly and the game has been optimized to run better across most systems.**
- **Improved accuracy - With many improvements to the ball physics, players will fly through the air more predictably**
- **New passing options - Ultimate Team also gives you more tools to plan and deliver some special moments in FIFA.**
