His first CD was a series of faux interviews with Serial Killers that he called "Death Rattle". Both the CD and the interview series were successful. Before making the documentary on Cosio Villegas, he made a series of "faux interviews with serial killers" that he called "Death Rattle". Both the CD and the interview series were successful. Later, PDF got the idea of directing a movie on Cosio Villegas, the crazed (or insane) Mexican poet who calls himself the "King of Kings". After directing a very successful documentary called "King Of Kings", which very loosely follows Cosio Villegas's life, he now goes after his idols, the Cosa Nostra in America, seeking the dirt on the current cosatuers. He is aided by Sheriff of Nottingham Richard Verdugo. This documentary was a pure pleasure to watch. Cosio was fascinating to watch. In the documentary, PDF interviews various subjects about Cosio, including its creators, which include Miss America, Judge Judy, and various people from the various states where Cosio is investigated. These interviews are interspersed throughout the documentary. We get to see these icons in their home state, then we get to see them in front of a studio audience who picks on them for being such haters and bigots. Cosio Villegas is a strange story, one that you can't help but want to read into. This documentary does not delve into Cosio's personal life; the man has given several interviews regarding his personal life, and it seems as if he has all but given up on his claim to being a famous poet. Cosio's madness and his downfall begin with him claiming to be the King of Kings. After he claims to have contacted God and God tells him to go to Mexico. Cosio and his followers begin to build a stage on the top of a mountain. They sing, and preach, and quote the Bible, and speak 6d1f23a050
